

### **Competition Obedience - Beginner Novice/Novice Level**

This class follows Beginner Obedience/Rally I & II and is intended for handlers interested in competing in Beginner Novice Obedience. This class is also a great next step for Canine Good Citizens who want to go on to competition obedience. Since Beginner Novice can be the first step on the AKC Obedience path, we'll focus on what to expect in the ring, learn ways to train for the specific exercises, and make sure students are prepared to avoid common handler errors. Prerequisites: Successful completion of Pre Obedience/Rally Parts 1&2, currently competing in Beginner Novice, or instructor approval.

### **Competition Open**

For those teams presently competing in AKC Novice Obedience or have their CD. Prerequisites include Beginner Obedience/Rally Parts 1 & 2, and Beginner Novice/Novice or instructor approval.

### **Competition Utility**

For those teams that are competing in Open or who have completed their CDX title. Beginner Novice/Novice or instructor approval.
